DESIGNER NOTES

The modern design of the Skyline Curved Bench brings an organic flow to any outdoor space. Form a circle around a tree for an inviting shady sitting spot or combine curved pieces together to create a flowing serpentine design that could go on forever. This bench can be made with or without armrests and there is an option to have it made with a backrest for comfortable seating. The view can be enjoyed from both sides without the backrest and appeals to those wanting a modern design. Each bench can be custom designed for client's specific objectives. Keep in mind that the smaller the radius in the design results in bigger gaps between the boards. The aluminum frame is both light and sturdy, while the tightly spaced 2"x3" lumber provides an excellent seating surface. Durability and stunning style; it's that !

AVAILABLE RECYCLED PLASTIC LUMBER COLOURS

Black Grey Redwood Sand Walnut

100% Canadian Made
