

VINCENT PICNIC TABLE

Model Number : VPT-6, VPTWC-8 Wheelchair Accessible

DESIGNER NOTES

Working together with a landscape architect, we intentionally created this industrial-style picnic table so it could stand up to the wear and tear of high impact locations. In this particular case it was in a university setting. Careful attention was given to the structural integrity of the frame while trying to not compromise its aesthetic appeal in this environment. The Vincent Picnic Table creatively uses capped ends and skate blocks in its design for a stylishly rugged look and coordinates well with the companion Vincent Bench. Separated bench seats are worth noting; for comfort purposes they are 33% wider than our traditional bench seats. The seat mounting distance from the table is flexible for accessibility based on the user group. With no crossbar attaching them to the table, this design provides greater ease for people getting in and out. Finally, for maintenance purposes, this design is easier to clean in and around as there is access from all sides. We merge style with function and fused together, they create dynamic design.

AVAILABLE RECYCLED PLASTIC LUMBER COLOURS

100% Canadian Made

Wishbone Ltd. provides an extended 10 year limited warranty from the date of invoice.
